this text covers the syllabi prescribed by the major public sector universities in pakistan the book provides a complete overview of the historical background and political development of pakistan the breakup of 1971 and the nuclearization of pakistan the foreign relations section deals with the role of world powers during the wars fought by pakistan and pakistan s relations with south asian and middle eastern countries the economy and culture of pakistan are also covered in great detail

this handbook provides a systematic and analytical approach to the various dimensions of international ethnic and domestic conflict over the uses of national history in education since the end of the cold war with an upsurge in political social and cultural upheaval particularly since the fall of state socialism in europe the importance of history textbooks and curricula as tools for influencing the outlooks of entire generations is thrown into sharp relief using case studies from 58 countries this book explores how history education has had the potential to shape political allegiances and collective identities the contributors highlight the key issues over which conflict has emerged including the legacies of socialism and communism war dictatorships and genocide issues which frequently point to tensions between adhering to and challenging the idea of a cohesive national identity and historical narrative global in scope the handbook will appeal to a diverse academic audience including historians political scientists educationists psychologists sociologists and scholars working in the field of cultural and media studies

over the last fifteen years pakistan has come to be defined exclusively in terms of its struggle with terror but are ordinary pakistanis extremists and what explains how pakistanis think much of the current work on extremism in pakistan tends to study extremist trends in the country from a detached position a top down security perspective that renders a one dimensional picture of what is at its heart a complex richly textured country of 200 million people in this book using rigorous analysis of survey data in depth interviews in schools and universities in pakistan historical narrative reporting and her own intuitive understanding of the country madiha afzal gives the full picture of pakistan s relationship with extremism the author lays out pakistanis own views on terrorist groups on jihad on religious minorities and non muslims on america and on their place in the world the views are not radical at first glance but are riddled with conspiracy theories afzal explains how the two pillars that define the pakistani state islam and a paranoia about india have led to a regressive form of islamization in pakistan s narratives laws and curricula these in turn have shaped its citizens attitudes afzal traces this outlook to pakistan s unique and tortured birth she examines the rhetoric and the strategic actions of three actors in pakistani politics the military the civilian governments and the islamist parties and their relationships with militant groups she shows how regressive pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence the author also explains that the educational regime has become a vital element in shaping citizens thinking how many years one

attends school whether the school is public private or a madrassa and what curricula is followed all affect pakistanis attitudes about terrorism and the rest of the world in the end afzal suggests how this beleaguered nation one with seemingly insurmountable problems in governance and education can change course

pakistan studies for foreign and english medium students according to the syllabus of azad jammu kashmir text book board

sufism is typically thought of as the mystical side of islam in recent years it has been held up as a supposedly peaceful alternative to the spread of forms of islam associated with violence an embodiment of democratic ideals of tolerance and pluralism are sufis in fact as otherworldly and apolitical as this stereotype suggests modern sufis and the state brings together a range of scholars including anthropologists historians and religious studies specialists to challenge common assumptions that are made about sufism today focusing on india and pakistan within a broader global context this book provides locally grounded accounts of how sufis in south asia have engaged in politics from the colonial period to the present contributors foreground the effects and unintended consequences of efforts to link sufism with the spread of democracy and consider what roles scholars and governments have played in the making of twenty first century sufism they critique the belief that salafism and sufism are antithetical offering nuanced analyses of the diversity multivalence and local embeddedness of sufi political engagements and self representations in pakistan and india essays question the portrayal of sufi shrines as sites of toleration peace and harmony exploring cases of tension and conflict a wide ranging interdisciplinary collection modern sufis and the state is a timely call to think critically about the role of public discourse in shaping perceptions of sufism

this book investigates the universalization of religious and secular knowledges that emerged in their particular modern forms originally in the christian west it is an attempt to explore the epistemological grounds and political implications of the formation and codependency of secular and religious discourses and practices

an in depth study of the interrelationship of economics sociology and politics in pakistan
