international interest in holocaust education has reached new heights in recent years this historic event has long been central to cultures of remembrance in those countries where the genocide of the jewish people occurred but other parts of the world have now begun to recognize the history of the holocaust as an effective means to teach about mass violence and to promote human rights and civic duty testifying to the emergence of this pivotal historical event as a universal frame of reference in this new globalized context how is the holocaust represented and taught how do teachers handle this excessively complex and emotionally loaded subject in fast changing multicultural european societies still haunted by the crimes perpetrated by the nazis and their collaborators why and how is it taught in other areas of the world that have only little if any connection with the history of the jewish people holocaust education in a global context will explore these questions page 10

the seemingly amorphous phenomenon we call globalization involves concrete realities that make it a major source of social change in our contemporary world bringing globalization alive for students this book uses examples and perspectives from economics technology and mass media to show how globalization is producing unprecedented impacts on education and culture education at all levels from primary school to university education is undergoing a world wide transformation of its objectives values and practices new technologies and communication practices have promoted the west's optimism that market forces can replace the former governmental responsibilities for social welfare and the inclusion of diverse cultures new emphasis on competition quality control parental choice marketing and the linkage of education to work means that schools all over the world face innovations and challenges to established practices meanwhile the worldwide expansion of entertainment and advertising media convey notions of individualism and consumerism that are changing definitions of gender and solidarity among social groups this book offers a vivid introduction to these complex changes recognizing the role of the state while explaining new forces like transnational corporations and nongovernmental organizations stromquist points to governmental and school policies that can actively shape the future of education at a time of rapid change

in religious education digitization and mediatization processes result in the transformation of conventional media formats this leads to the development of new media formats which in turn necessitates a redefinition of the relationship between religious education and the media keeping this in mind this volume first examines the importance of media for specific theological disciplines and then discusses current media pedagogical and media didactic approaches later in the book the authors develop didactic perspectives on various methods these include internet based archive work and the use of digital teaching materials they also deal with current questions regarding religious education such as inclusion and cyber bullying etc finally they identify some of the main didactic challenges for religious instruction in a mediatized world this volume is a plea for a wider understanding of education and is based in part on a german swedish teaching and research cooperation following this example it focuses on a future oriented

networking of plural forms of education this resource is designed for students of theology and religious sciences as well as for religious education teachers
