contending perspectives on the future of us grand strategy more than a decade has passed since the end of the cold war but the united states has yet to reach a consensus on a coherent approach to the international use of american power the essays in this volume

present contending perspectives on the future of u s grand strategy u s policy options include primacy cooperative security selective engagement and retrenchment this revised edition includes additional and more recent analysis and advocacy of these options the volume includes the clinton administration s national security strategy for a new century the most recent official statement of american grand strategy so readers can compare proposed strategies with the official u s government position

li and reuveny use an interdisciplinary social scientific approach to investigate today s key political economic and environmental issues

informed by world systems analysis this book examines the shifting patterns of accommodation and resistance to the offshore world with a particular focus on mauritius as a critical but underappreciated offshore node mediating foreign investment into india and africa drawing on a large pool of financial data and elite interviews the authors present the first detailed comparative study of the mauritius india and mauritius africa offshore relationships these relationships serve as indicative test cases of the contemporary global tax reform agenda and its promise to rein in offshore finance whereas india s economic power and multilateral track record have enabled it to actively shape this agenda and implement it in a robust manner most african countries have found themselves either unable to meet its stringent criteria or unwilling to do so out of fear that it might discourage investment its impact on offshore financial centers has likewise been limited a few of the least sophisticated ones appear to have fallen by the wayside but the rest have either remained largely unaffected or like mauritius succeeded in consolidating their operations and surviving the current round of regulatory headwinds the findings suggest that the contemporary global tax reform agenda has thus far not only failed to make good on its promise but also actually reinforced numerous existing power hierarchies the uneven offshore world is written in an accessible style and aimed at readers without specialized knowledge of tax issues

japan africa relations seeks to study the complex nature of the dynamics of power relations between japan and africa since the bandung conference in 1955 with an emphasis on the period starting from the 1970s up to the present

this book offers a nuanced and detailed examination of two of the most important current debates about contemporary russia s international activity is moscow acting strategically or opportunistically and should this be understood in regional or global terms the book addresses core themes of russian activity military energy and economic but it offers an unusual multi disciplinary analysis to these themes monaghan incorporates both regional and thematic specialist expertise to give a fresh perspective to each of these core themes underpinned by detailed analyses of the revolution in russian geospatial capabilities and the establishment of a strategic planning foundation the book includes chapters on military and

maritime strategies energy security and economic diversification and influence this serves to highlight the connections between military and economic interests that shape and drive russia strategy
