regimes of happiness is a comparative and historical analysis of how human societies have articulated and enacted distinctive notions of human fulfillment determining divergent moral ethical and religious traditions and incommensurate and conflicting understanding of the meaning of the good life a two part book it provides a historical view of the way in which western societies the descendants of the latin roman empire created languages and institutions that established specific and occasionally antithetical

conceptions of a fulfilled human life or happiness in the first part in the second part it explores how non western societies and non christian religions have conceived and established their own ideals of human perfection regimes of happiness is a critical reflection on modern notions of happiness which are typically focused on individual feelings of pleasure

to succeed in achieving its national security objectives the united states needs to use associative power in place of both hard power and soft power associative power is the use of joint ventures and alliances to optimize the forms of power brought to bear in conflicts responding with precision to a spectrum of enemy threats situational challenges and political opportunities associative power was wisely and successfully used by the united states in the vietnam war through the cords program of counter insurgency and village development to defeat the viet cong insurgency and permit the withdrawal of american combat forces associative power was not used by the united states nor was the best counter insurgency practices of cords in the iraq and afghanistan conflicts as a result of this omission interim outcomes in iraq and afghanistan did not acceptably accomplish american objectives
