the essay for which the sacred wood is primarily remembered is one of the most famous pieces of criticism in english tradition and the individual talent helped to re orientate arguments about the study of literature and its production by redefining the nature of tradition and the artist s relation to it at a time when the word traditional had become a way of damning with faint praise by reference to the past eliot reinterpreted the term to mean something entirely different it is not he argues something just handed down but instead a prize to be obtained by great labour not least in the making of a huge effort of understanding how the past fits together seen thus eliot suggests a literary and artistic tradition has a simultaneous existence and composes a simultaneous order and it is not just past but present as well for eliot art never improves but only changes and each part of the tradition is constantly being reinterpreted in light of what is added to the whole the role of the poet in eliot s view is to subjugate their own personality and become a receptacle in which numberless feelings phrases images can unite to form a new compound redefining the issue of poets relations to the past in this new way is a fine example of creative thinking and eliot s ability to connect existing concepts in new ways was what gave weight to the argument that he advanced that poets cannot succeed without understanding that they are taking their place on a continuum that stretches back to all their predecessors and incorporate the ideas strengths and failings of the entire body of work that those poets represented

this is a new release of the original 1948 edition

evaluation is central to literary studies and has led to an impressive list of publications on the status and history of the canon yet it is remarkable how little attention has been given to the role of textual properties in evaluative processes most of the chapters in the quality of literature redress this issue by dealing with texts or genres ranging from classical antiquity via renaissance to twentieth century they provide a rich textual and historical panorama of how critical debate over literary quality has influenced our modes of thinking and feeling about literature and how they continue to shape the current literary landscape four theoretical chapters reflect on the general state of literary evaluation while the introduction weaves the different threads together aiming at further conceptual clarification this book thus contributes to a deeper understanding of the problems that are at the heart of past and present debates over literary quality

no detailed description available for the technique of t s eliot

the centenary of eliot s birth in 1988 provided the salutary occasion to go back to his life and work to reassess him in the light of issues raised by various critical movements the new historicism feminism reader reception theory that have come to the fore since the new criticism poststructuralist this sort of reassessment is the lively and pertinent idea behind ronald bush s collection of new essays on eliot the essays assembled vary in approach but share a commitment to the discipline of history and an awareness that history can function as critique as well as celebration many of the essays take issue with eliot s self presentation and include documents eliot chose not to emphasize some press the limits of literary and intellectual history to enter areas of cultural practice stressing the institutions of publishing and the social processes of gender formation other essays address issues such as the direction of twentieth century writing the impact of self professed masculinist poetry on women readers and whether modernism s social values were really consistently inimical to liberal visions of the future
